

PANTHER CAMP 2021

Weekly overview

Week 1 June 14-18

Invention Convention - Eureka!—Calling all inventors! Think outside the box as we learn about mechanics and get creative with inventions. Teamwork will be an essential part of the week as we get innovative together.

Week 2 June 21-25

Master Chefs - This week will feature cooking lessons from our fine kitchen staff, as well as crafts and games with food. Come play with your food while learning about what nourishes us! It will be nothing *bundt* fun!

Week 3 June 28-July 2

Super Sleuths - Help solve a crime through the use of forensic science. Use your sleuthing skills and intellect to solve the mysteries of the world around us

Week 4 July 12-16

Rockstars - Explore the world of music by trying out different instruments, creating a trash band, and learning the importance of listening in our lives.

Week 5 July 19-23

Storm Chasers - We'll experiment with weather, build measurement tools, and create seasonal crafts during this environment-focused week.

Week 6 July 26-30

Pet Vet - Learn about being a veterinarian and get your paws, claws, and fins on the fun this week at Panther Camp! Learn about animal care and health, discover the diversity of the animal kingdom, and help make gifts for our animal friends throughout the week.
